Professional Experience

Lead IT Support & Ops Specialist Quaker Houghton Produktion Deutschland

June 2022 – Present | Dortmund, Germany

(150 - 200 employees)

As the sole local IT representative in Germany, I collaborate closely with the global IT team to ensure seamless IT operations and support. My key responsibilities include:

- Managing, resolve and/escalate service requests and incidents supporting both person and via remote technology
- Administering and maintaining Windows-based servers including Active Directory, File Server, and Print Server
- Overseeing site IT integrations such as firewall and switch installations, and coordinating PC/laptop migrations
- Participating in both local and global IT infrastructure and transformation projects
- Administering Microsoft Exchange Admin Center and Microsoft Teams Admin Center
- Maintaining a detailed inventory of all IT assets and equipment
- Managing the computer lifecycle replacement program across Germany
- Coordinating with vendors and ISPs to source and manage essential IT services and infrastructure

IT Support L2 ICC Group

September 2016 - October 2020 | Beirut, Lebanon

System Administrator Rafik Hariri Foundation, DHSS

September 2015 - August 2016 | Beirut, Lebanon

IT Administrator Aids and Relief Foundation

October 2014 - August 2015 | Beirut, Lebanon

Courses and Certifications

- Ethical Hacking and Penetration Testing (April 2018)
- MCSA Windows Server 2012 (*Certified from Microsoft* - March 2015)
- MCSE Exchange Server 2013 (*Certified from Microsoft* - March 2015)
- Customized Customer Service (December 2016)
- A+ Computer Maintenance (Hardware, Software, Networking) (July 2014)
- CCTV installation and configuration (April 2016)

Web Development Project

Dressify - E-Commerce Web Application (Full-Stack)

Built a full-stack e-commerce web application for clothing products with a responsive storefront, product discovery, cart/wishlist, checkout, and an admin area for managing inventory.

Tech: React, Next.js (App Router), Supabase (PostgreSQL + Auth), Tailwind CSS, CSS

Key features:

- Product discovery: category navigation + search + filtering (size/price) + sorting + pagination
- Dynamic product pages: variants/stock + sale pricing + photo gallery
- Cart + wishlist: persistent cart with quantity controls + “save for later” wishlist flow
- Auth: Supabase email/password + Google provider login
- Admin: upload new products and delete existing products
- Account: profile management + wishlist + order history
- Dark/Light theme toggle with persistent preference

Key Skills

- **Web Development:** React, Next.js, JavaScript, Typescript (Basics), HTML5, CSS3, Tailwind, Playwright (E2E testing), responsive UI development
- **Backend & Database:** Supabase (PostgreSQL), authentication, API integration
- **System Administration & Virtualization:** Windows Server administration, Microsoft Active Directory, Group Policy, Hyper-V virtualization, AD Azure, Intune Management
- **Programming:** Basic knowledge of Python
- **Office Software Expertise:** Advanced proficiency with Microsoft 365 (Word, Excel, Outlook, Teams, OneDrive)
- **Hardware & Software Troubleshooting:** Diagnosing and resolving hardware and software issues across desktops, laptops, printers, and AV equipment
- **OS Support:** Support and administration of Microsoft Windows and macOS environments
- **Customer Service:** Professional end-user support with strong communication and problem-solving skills
- **Technical Support:** Providing Helpdesk, Field, and Remote support for end users and IT infrastructure

Languages

- German: Good (C1)
- English: Fluent
- Arabic: Native Language
